The following procedures are hereby established to satisfy the requirement of POL § 103-a(2)(b) that The Library District in its discretion wishes to permit its members to participate in meetings by video conferencing from private locations – under extraordinary circumstances – must establish written procedures governing members and public attendance.

1. The Library District Board members shall be physically present at any meeting of the Library District unless such member is unable to be physically present at one of the designated public meeting locations due to extraordinary circumstances.
2. For purposes of these procedures, the term “extraordinary circumstances” includes disability, illness, caregiving responsibilities, or any other significant or unexpected factor or event which precludes the member’s physical attendance at such a meeting.
3. If a member is unable to be physically present at one of the designated public meeting locations and wishes to participate by videoconferencing from a private location due to extraordinary circumstances, the member must notify the Grinnell Board or Director no later than four business days prior to the scheduled meeting in order for proper notice to the public to be given. If extraordinary circumstances present themselves on an emergent basis within four days of a meeting, the Library District shall update its notice as soon as practicable to include that information. If it is not practicable for the Library District to update its notice, the Library District may reschedule its meeting.
4. If there is a quorum of members participating at a physical location(s) open to the public, the Library District may properly convene a meeting. A member who is participating from a remote location that is not open to in-person physical attendance by the public *shall not* count toward a quorum of the Library District but may participate and vote if there is a quorum of members at a physical location(s) open to the public.
5. Except in the case of executive sessions conducted pursuant to POL § 105, the Library District shall ensure that its members can be heard, seen, and identified while the meeting is being conducted, including but not limited to any motions, proposals, resolutions, and any other matter formally discussed or voted upon. This shall include the use of first and last name placards physically placed in front of the members or, for members participating by videoconferencing from private locations due to extraordinary circumstances, such members must ensure that their full first and last name appears on their videoconferencing screen.

7. The public notice for the meeting shall inform the public: (i) that extraordinary circumstances videoconferencing will (or may) be used, (ii) where the public can view and/or participate in such meeting, (iii) where required documents and records will be posted or available, and (iv) the physical location(s) for the meeting where the public can attend.
8. The Library District shall provide that each open portion of any meeting conducted using extraordinary circumstances videoconferencing shall be recorded and such recordings posted or linked on the Library District website within five business days following the meeting, and shall remain so available for a minimum of five years thereafter. Such recordings shall be transcribed upon request.
9. If members of the Library District are authorized to participate by videoconferencing from a private location due to extraordinary circumstances, the Library District shall provide the opportunity for members of the public to view such meetings by video, and to participate in proceedings by videoconference in real time where public comment or participation is authorized. The Library District shall ensure that where extraordinary circumstances videoconferencing is used, it authorizes the same public participation or testimony as in person participation or testimony.
10. Open meetings of the Library District conducted using extraordinary circumstances videoconferencing pursuant to the provisions of POL § 103-a shall utilize technology to permit access by members of the public with disabilities consistent with the 1990 Americans with Disabilities Act (ADA), as amended, and corresponding guidelines.
